CUP SPECIFICATIONS

Please follow these instructions to ensure artwork will appear on the cup to your satisfaction.

Please place a tick in each box to complete the QA process.

1 Curvature Lines.....
Images & text must follow these curvature lines.

This will keep the image parallel to the base & top of the cup when assembled.
Guides do not print or appear on proofs.

2 Base of Wrap.....
Image past this line will be under the cup.

3 Seal Area.....
There must be no image in this area.

4 Bleed Area.....
Background image must extend into this area.
This area will not be seen on the cup once assembled.

5 Image Safe Area.....
No vital design components to extend beyond this area.
If the design elements extend past this area they **will not** appear on the cup.
